

Dear Parents,

During the past few weeks, we have been working on the development of our implementation plan in order to be prepared for a possible return to classes. Following the new MINEDU guidelines, the school will request authorization from the UGEL to be able to offer semi-presential classes, therefore we need to update our records for a possible return.

Since the return to school would be voluntary, MINEDU sets as one of the conditions for the possible opening that parents give their consent for the attendance of the students. The information obtained will be submitted to the respective authorities, in compliance with the conditions mentioned above.

For this reason, we ask you to complete the following [survey](#) as soon as possible, before **Monday, August 9th**. We only need one response per student, so we ask that only one parent completes the survey per each daughter.

The return to school will be gradual and for this reason, not all students will be able to attend on the same days. We would also like to emphasize that students who have permission to attend school will still continue to have online lessons on some days as we must follow the capacity (aforo) indicated by the authorities.

When we have more precise information about the possible start of semi-presential classes, the sections will communicate directly with you.

Thank you in advance for your cooperation.

Best wishes,

Brenda Seoane

Peruvian Director
